

Endocrinology
with
Dr Mayuri Raviskanthan and
Dr Chelsea Tan
Windsor and Berwick locations

Rapid access endocrinology delivered locally

Accessing endocrinology services can be difficult for patients and GPs, with long waiting lists for both public and private services.

Juno Healthcare can offer:

- rapid access to an experienced endocrinologist within weeks of referral
- a maximum of 3 consultations with each patient - to provide interim assessment and management advice while on the wait list for another service (opportunity to extend to further consults on case by case basis)

Example reasons for referral:

- Type 2 diabetes, including commercial driver assessments
- Osteoporosis
- Thyroid disorders- thyroid nodules, hypothyroidism, hyperthyroidism
- Menopause
